Office address/P.O. Box  
City, TX Zip Code

Dear Elected Official

This year Habitat affiliates, in partnership with Habitat for Humanity Texas, are participating in World Habitat Day, Monday, October 7. We are asking our elected officials to pledge to stop for a moment of silence or prayer at noon on World Habitat Day, as a reminder of the work we need to do, to end poverty housing in our state. As your local Habitat affiliate we respectfully ask that your office visit our website at: [www.habitattexas.org](http://www.habitattexas.org) and look under the World Habitat Day tab from the homepage.

- Read the facts and material on the website to become more informed about poverty housing in Texas.
- Learn who is affected by inadequate housing and how you can work to resolve this issue in our state.
- Download materials and tools you can use in efforts to end poverty housing.
- Issuing a proclamation or resolution supporting affordable housing on World Habitat Day 10.07.2013
- Commit to posting a message on Facebook and/or tweeting on Twitter a message about affordable housing on World Habitat Day 10.07.2013 (an e-mail reminder with a proposed message will be sent to your office for review).

Please contact my office, at (512) 523-5725, if you would be willing to lend your support. Thank you for your time and consideration. My office looks forward to working with you in the future on affordable housing issues.

In Partnership,

Amy Ledbetter Parham  
Executive Director
